College of Science

Clinical Instructor or Clinical Assistant Professor in Computer Science

The University of Alabama in Huntsville, classified as a High Research Activity institution, offers academic and research programs in the Colleges of Arts, Humanities and Social Sciences, Business, Education, Engineering, Nursing, Professional Studies, and Science. Huntsville maintains one of the highest per capita incomes and standards of living in the Southeast. It is a national center of aerospace and high technology research and is home to NASA's Marshall Space Flight Center. Huntsville and surrounding communities present many opportunities for healthcare research and professional practice.

The Department of Computer Science at The University of Alabama in Huntsville invites applicants for a non-tenure track clinical faculty position with the rank of “Clinical Instructor” or “Clinical Assistant Professor” beginning August 2021. Applicants must possess an M.S. degree in computer science or related field for the “Clinical Instructor” position, and a Ph.D. is required for the “Clinical Assistant Professor” position. Evidence of effective teaching experience, excellent communication skills and strong interest in keeping abreast with the changing computer technology and curriculum is expected. The successful candidate will teach four computer science courses per semester during fall and spring. The ability to teach courses in computer networks, computer architectures, or software engineering areas is preferred. The successful candidate will also serve as an academic advisor to undergraduate students like other members of the computer science faculty.

Send letter of application, CV, official transcripts, and contact information for three references by email to info@cs.uah.edu. Review of applicants will begin immediately and continue until position is filled.
